PROOFS OF THE SUPERIOR QUALITY

— OF THE —

American Watch

— MADE AT —

Waltham, Mass.

The American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market. They are simpler in structure and therefore stronger, and less likely to be injured than the majority of foreign watches, which are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts How they run under the hardest trials watches can have, is shown by the following letter:

PENN. RAILROAD COMPANY.

OFFICE OF THE GENERAL SUPERINTENDENT, ALTOONA, Pa., 15 Dec. 1866.

GENTLEMEN: The watches manufactured by you have been in use on this railroad for several years by our engineemen, to whom we furnish watches as part of our equipment. There are now some three hundred of them carried on our line, and we consider them good and reliable timekeepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly, nor have they done as good service, as yours.

In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years. Respectfully,

EDWARD H. WILLIAMS, General Superintendent.

American Watch Co., Waltham.

We make now five different grades of watches, named respectively as follows:

Appleton, Tracy & Co.,	*Waltham, Mass.*
Waltham Watch Company,	*Waltham, Mass.*
P. S. Bartlett,	*Waltham, Mass.*
Wm. Ellery,	*Boston, Mass.*
Home Watch Company,	*Boston, Mass.*

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved principle, and to possess every requisite for a reliable time keeper. Every dealer selling these watches is provided with the Company's printed card of guarantee, which should accompany each Watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeits and imitations of our Watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchased of Watch Dealers throughout the country.

QUINCY, PLUMAS CO., CAL.

SATURDAY, JAN 18 1867.

Snow.—The snow storm of the last two weeks proves to have been the most severe of any for years past. At Hamilton, in Butte county, nine inches of snow fell. The streets of Marysville and Oroville were covered to the depth of three or four inches. At the Mountain House on the Oroville road, the snow was four feet deep. At Bucheye and Bucks it was deep enough for all "practical" purposes. It was something less than 40 feet. The first mail received from below since Friday, of last week, arrived this (Saturday) morning, bringing dates up to the 9th. All communication with other portions of the county was cut off for several days, hence, our local intelligence column is *non est*, and the meagre supply of reading matter, and the absence of editorials, &c., can be traced to the same cause.

Correspondence.—In another column we publish a communication from Mr. D. W. Hambly, of Snake Lake, on Geology, Theology, &c. Mr. H seems to have an opinion of his own on the subject, and no doubt his opinions will differ very materially from those of many of our readers.—The columns of the UNION are always open for free discussion, and if any one chooses to reply to Mr. H's communication, they can do so.

Langley's Almanac.—We have received from the publisher, Henry G. Langley, "The Pacific Coast Almanac and Year Book of Facts for 1868," a neatly printed little book of ninety six pages, containing a valuable compilation of important facts and statistics. Besides the calendar for the year, and the usual astronomical tables, the Almanac contains abstracts of the most important laws, State and National, amendments to the Constitution, lists of public officers, election returns; area, population, value of property, etc., of the Pacific States and counties; list of newspapers and periodicals, terms of Court, stamp duties, weights and measures; an exhibit of the resources of California, a chronological history of events, etc. It is the most complete work of the kind ever published in this State. Single copies, 50 cents. Per dozen, $4.

CORRESPONDENCE.

Editor Union:—"Any theory, hypothesis, philosophy, sect, creed or institution, that fears investigation, openly manifests its own error."

"Prove all things and hold fast that which is good."—Paul.

I presume that my views may differ a little on some points in geology with old theology; but we are considered a progressive people in everything pertaining to our welfare and happiness in this world. We should not stop on the threshold of science from investigating the law of nature with its phenomena, because it conflicts with old worn out Biblical absurdities on the creation of this, our earth, sun, moon and stars. We find in the first five verses of the 1st chapter of Genesis, that God created the heavens and the earth, light and darkness created he them. This is the first days' work; and from the 14th verse to the 10th we find he again has to finish the 1st days's work, on the 4th day. Was not the first days' work a success? How can we reconcile such logical deductions with science? Geology teaches us that the world was not made in seven days, nor seven years, nor seven hundred thousand years, but was the work of an indefinite age or time—countless millions of years cannot cover it. There never was a beginning to matter. It is co-existant with God. Fact upon fact demonstrates the great truth of the age of this planet—the Earth. The slow progress of change in matter cannot be arrived at, only by the earth's stratification, mathematically arrived at by progressive geological science, and therefore we have been taught an absurdity by old theology. The whole fundamental structure of the Bible fabrications, are, the the major part, myths. Theologians are trying to patch up the old fabric of exploded truths, but they cannot accomplish it. The sciences are demolishing all of the structures built by miracles, and tyranny, superstition and idolatry will melt away before the sunlight of Truth, as drawn or taken from the laws of nature and God. The miserable and insignificant idea, that God did from an incomprehensible nothing make this, our earth, and all its surroundings, is so absurd that the philosophical portion of civilized mankind in this 19th century, hoots the idea with *pity*. It is dogmatically true and certain that our world has existed with God—contemporaneously with the great eternal positive mind. The changing particles of matter have rolled into into a mass of affinitized substances, and has been countless millions of years cooling to produce a crust such as we now realize, with all its variations of character, suited to the propagation of man and his dependencies.—The laws of God could not be suspended for any such a special creation as of our earth, as there are millions of worlds, planets, and satellites that revolve through the ethereal expanse of space, in and by the same power of God's law and wisdom.

The terms and meanings of geology are various. It not only reads and treats of the formation of our globe, and its different phases in nature, externally as well as internally, the upheavals and indentions, the active and inactive causes in nature, all of which have been taught heretofore as especial causes of a God. Such visionary deductions are like the vapory mists rising from the face of the earth in a beautiful May morning. The appearing sunlight of Truth will logically dispel the errors of our forefathers—heathen, Jewish and Christian.—Galileo and Copernicus started the ball of investigation, into the then hidden and mysterious causes of the revolutions, and other so-called freaks in nature and the laws governing our earth. But the Holy Church tried to smother the echo's of truth, by persecution and calumny. Was Christian tyranny successful in her efforts to stop the tide of investigation? It is certain that geology is the youngest sister of the sciences, but her book is old Nature. She will unfold to the admiring millions yet unborn, the great hidden secrets of the laws of God in matter and change. It will destroy revealed religion and all especial creations. Man will so advance in the scale of intellectuality, that they will be looked on as one of the many delusions of the past ages. So the world moves.

"Truths come slowly upon man, and long it is before these angel visits are acknowledged by humanity. The world clings to its errors, and avoids the truths, lest its light should betray their miserable follies.

Perry Davis' Pain Killer.

Dyspepsia can be, and is cured every day by the use of Perry Davis' Pain Killer. This is the most wonderful and valuable medicine ever known for this disease. Its action upon the system is entirely different from any other preparation known. The patient, while taking this medicine, may eat anything the appetite craves.

Gentlemen: It is with pleasure that I recommend the use of your Pain Killer. It is all that is required of it. In a household it is invaluable. I have used it in my family for the last three years, and at all times found it a sure cure for cholera morbus, pain in the stomach, diarrhoea, and all such complaints. I have always found it a specific. No family should be without it in the house.

Respectfully yours,
JAMES HOLMES, DeGraff, Ohio.

The Quincy Union.

THE CARIBE OF SOUTH AMERICA.—Don Ramon Paez, in his recent work, "Life in the Llanos, Venezuela," states that some of the of the Venzuelian rivers are infested with a peculiarly ferocious and blood-thirsty fish known as the caribe, which, though not larger than a perch, is one of the most formidable creatures that man or beast can have the misfortune to encounter. Their sharp triangular teeth, arranged in the same manner as those of a shark, are so strong that neither copper, steel nor twine can withstand them, and hence the angler stands no chance of sport where the caribe is found, The sight of any red substance, blood, especially, seems to rouse their sanguinary appetite; and, as they usually go in swarms, it is extremely dangerous for man or beast to enter the water with even a scratch upon their bodies. Horses wounded with the spur are particularly exposed to their attacks, and so rapid is the work of destruction that unless immediate assistance is rendered, the fish soon penetrate the abdomen of the animal and speedily reduce it to a skeleton.

This cannibal fish is as beautiful in aspect as it is fierce in nature. Large spots of a brilliant orange hue, cover a great portion of its body, especially the belly, fins and tail. Toward the back it is of a bluish ash color, with a slight tint of olive green, the intermediate spaces being of a pearly white, while the gill-covers are tinged with red. This fish, however, suffers from a special and constantly recurring visitation, being subject to a yearly mortality during the heat of the summer, when the water is deprived of a portion of the air it holds in solution.

"Their carcasses," says Don Ramon, "may then be seen floating on the water by thousands, while the beach is strewn with their bones, especially their bristling jaws, which renders walking barefoot on the borders of lagoons extremely dangerous."

A RUSSIAN RESTAURANT.—A Paris correspondent of the London Star goes into rapture over the Russian "feeding place" at the great exhibition:

A YOUNG lady refused to go into the Woolwich Arsenal because she heard that some of the muskets were without breeches.

Two young ladies on the virtues of a new dress—"And does it fit well?" asked one. "Yes, as if I'd been melted and poured in!"

THE Cincinnati Gazette remarks, if it should turn out that there are large deposits of elephants tusks in the Russian purchase, it would be an important discovery in the way of female sustenance. "A small piece of ivory," says that paper, "goes a great way in this nutrition' and by placing it on the tip of a parasol, it is reduced to great convenience. We observe women and girls sucking it on the streets, and when they meet each other, and whenever their mouths are not otherwise occupied. Their assiduous application to this succulence shows that it must contain valuable nutritive properties. And, beside, it keeps up the innocent manners of infancy. We should judge, by the seeming satisfaction, that a supply of parasol tips is as good as a cow in the family."

DURING the forenoon services, Sabbath, 1st inst., a thief entered the ante-room of one of the Boston churches, and stole the great coat of the pastor.

THE editor of a paper in Maine has lost his wallet, containing a torn three cent script two postage stamps that hadn't been used but once, and a Confederate $1 bill.

AMBROSE A. BUTTS, a strong man in New York, lifts and bears on his shoulders two thousand seven hundred and thirty-seven pounds and three quarters.

IN the silver mines in the Hartz mountains, in Germany, they have run a drain tunnel twenty-two miles long, ten feet high by eight wide.

THE English language has sixty thousand words in the dictionaries. Good talkers and writers use but five thousand in all, and a foreigner can travel on five hundred.

THE Howard Benevolent Society of Sacramento, sent boats out in every direction from the city, for the relief of persons in distress during the flood.

THE Captain of an American vessel is charged with setting a sailor adrift in an open boat at sea, a thousand miles from land.

IN Germany, when a paper says anything witty, they kill the editor; and not one editor has been killed there for two hundred years.

BY a railroad accident in Alabama recently, the wild animals in a menagerie were let loose, their cages being broken. They took to the woods, but were caught again without much difficulty.

IT is rumored in town says the Marysville Appeal, that an eating match will take place in a short time between two individuals in that city, whose powers of disposing or stowing away of food of all kinds, is undisputed.

AN old slave passed through Fort Sumpter during the hottest fire, with a sloop-load of wood, and came safely to the city. Somebody told him he would be killed in the attempt. "Can't help dat," said he; "must go to de town to-night. If anybody hurt dis chile or dis boat, massa see him about it, shuah." His sloop received four shots.

A GREAT curiosity is the derrick with which the enthusiasm of the meeting was raised to the highest pitch."

Perry Davis' Vegetable Pain Killer

Derives much of its popularity from the simplicity attending its use, which gives it a peculiar value in a family. The various diseases which may be reached by it, and in their incipient stages eradicated, are among those which are peculiarly fatal if suffered to run; but the curative magic of this preparation, at once disarms them of their terrors. In all respects it fulfills the conditions of a popular medicine.

The "Biblical Recorder," in speaking of the Pain Killer, says:

"We believe the public generally have great confidence in this medicine. The numerous testimonials in its favor from well known clergymen and missionaries, are well calulated to convince any but the most skeptical. If there be any of our readers who still doubt touching the magic powers of Perry Davis' Pain Killer to relieve pain, we advise them to buy one bottle, and give it a trial. We never knew it to fail."

The San Antonio Express explains how unbranded cattle are called Mavericks throughout Texas. A well known gentleman of that name let his cattle run without branding, thinking, in the simplicity of his heart, that the absence of a brand would be a sufficient distinction for his stock, where all others were marked. After a number of years, he concluded to hunt up his cattle and drive them to market. The result was, he found himself possessed of nine hundred bulls. Since that time unbranded cattle are called Mavericks, for short.

An Irish girl called on a clergyman and inquired his price for "marrying anybody." He replied, "Two dollars," and Biddy departed. She called a few evenings after, and remarked that she had come to be married. "Very well," said the minister; but, seeing that she was alone, ventured to inquire: "Where is the man?" An expression of disappointment passed over Biddy's features as she ejaculated: "And don't you find the man for two dollars?"

"How," said Mr. A. to a friend who wished to convey a matter of importance to a lady without communicating directly with her, "how can you be certain of her reading the letter, seeing you have directed it to her husband?" "That I have managed without the possibility of a failure," was the answer; "she will open it to a certainty, for I have put the word 'private' in the corner."

There was a hunting match in Middlesex county, Massachusetts, recently, twelve sportsmen on each side. The total count was 1600, including one raccoon, nine partridges, eight wild ducks, and almost an innumerable company of gray squirrels. The count of the victorious side was 900.

A Tournament has been held at Columbia, Tennessee, for the purpose of obtaining money for placing a monument over the Confederate dead who are buried at that place. General Frank Cheatham consented to act as Grand Marshal, and Gen. J. C. Brown delivered an oration.

If you happen to fall into company where the talk runs into party obscenity, scandal, folly, or vice of any kind, you had better pass for unsocial or morose among people whose good opinion is not worth having, than shock your own conscience by joining in conversation which you must disapprove of.

"Is Ireland's Catholic Isle the nursery of slaves, though her evergreen shamrock no longer wreathes the brows of her warriors, though her palaces are in ruins, her cities in tears, her people in chains! NO! thou didst never cradle a slave." --President Johnson's speech, January, 21, 1845.

An old Dutch farmer in Algoa is about to wind up his affairs in the belief that he has not long to live. He is a representative of the good old patriarchal time, and has on his estate 180 oxen, 70 horses, 4000 sheep and $30,000 in gold.

DR. CHARLES H. TOZER'S PRIVATE MEDICAL INSTITUTE.

Northeast Corner Kearney and Jackson streets, San Francisco.

The Great Eradicator of Special Complaints, Formerly of Locke Hospital, London, Eight Years in Sacramento and The Last Four in San Francisco.

DR. TOZER'S experience is of forty years standing, and during that time he has met with unparalled success in the treatment of all those diseases generally known as

Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints, and seek advice in time, thereby saving them a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the Limbs, Headache, and an aversion to Genial society, especially that of Females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR. TOZER, and he will cure you in a short time, without any interruption in your business—or state your case by letter and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease,

As it presents itself on this coast is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two latter countries no doubt have seen the dreadful effects of it on both the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick are of little account, except to dry up the disease on the surface, leaving the poison in the blood. These facts I have learned by experience and think I can say without boasting, that I have seen more practice in these diseases than any other physician in California, dating as it does from 1849.

My Plan is Purely Vegetable,

Destroying the disease and purifying the blood, so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia, and diseases arising from the use of Mercury. Impurities of the Blood, cured in a short time by the use of VEGETABLE MIXTURES, known only to myself.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart Derangement of their Monthly Sickness and all other diseases that the female system is subject to, will find prompt relief by applying at my Institute, San Francisco, corner of Kearney and Jackson streets.

Diseases Peculiar to Females,

Such as Retention, Suppression and Painful Menstruation, etc. have been my study for a great number of years, and I can safely promise a perfect cure in a short time.

Be not deterred from calling on DR. TOZER from delicacy or fear of exposure, as the Doctor is a man in whom you can trust, and all cases are treated with the utmost secrecy.

My Female (Monthly) Pills were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my Office. Price $5 per box, with full directions sent by mail or express.

Consultations Free. All communications strictly confidential, and a cure guaranteed in all cases.

Address, C. H. TOZER, M. D., San Francisco.

A Grateful Acknowledgment to a Skillful Gentleman.

Sacramento City, June 1, 1866.

Dr. Chas. H. Tozer—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped down and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine and followed your directions for several months. You finally succeeded in stopping the disease saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, that I might have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health and even for my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you, should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for your success, I remain, yours, etc., S. S. T.

Perry Davis' Pain Killer.

We clip the following from the Providence General Advertiser:

"At this season of the year, when cholera, cholera morbus, dysentery, and other kindred complaints are sure to prevail, everybody should be liberally supplied with Perry Davis Vegetable Pain Killer. Persons leaving home, whether it be for a day's excursion or trip to Europe, should be in a condition to place their hands on it at a moment's warning. Many diseases incident to the summer months, which will prove fatal if not immediately checked can be promptly cured by one or two doses of the Pain Killer. On more than one occasion have we been relieved of intense suffering by the timely use of the above named preparation.

A NEW ERA IN LITERATURE.

MR. FRANK LESLIE, one of the United States Commissioners to the Universal Exposition in Paris has availed himself of his visit abroad to introduce some new and very interesting features in his popular publications. He has arranged with a number of the leading authors and artists of Europe to furnish Novels, Narratives and Engravings, which will appear originally in his publications, instead of at second hand, or through the stale expedient of what are called Advance Sheets, thus practically settling the copy right question by purchasing his literary material at first-hand. This is a bold movement, and will prove to be a remunerative one, since "Honesty is the best policy." The first of these novelties is

Adventures Among the Brigands,

a narritive of adventure in Italy, by that popular novelist and facinating writer, which will commence in No. 129 of *FRANK LESLIE'S CHIMNEY CORNER.*

With No. 129 will also be given away a Magnificent Original Engraving,

STOP THIEF;

from the famous and popular painting of that name in the Paris Exposition, now the property of Paran tevens, Esq., of New York.

Hope for the Afflicted.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. It is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor, the sick and troubled can divest themselves of their burdens of pain; lay aside their cross and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number nor the manner of directing your letters. By his practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references of unquestionable veracity from men of known respectability and high standing in society. All parties consulting him by letter or otherwise will receive the best and gentlest treatment and implicit secrecy.

DR. DOHERTY would call attention to the following certificates, from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praises of a Physician, of whom hundreds of like cases can be cited, during a practice of more than fifteen years.

A Case of Gleet and Stricture:—

Dr. Doherty—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make some written acknowledgment for your valuable services—particularly so as your fee was small for the work performed. I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with stricture. Being a stranger in this city, and believing those doctors who gave such positive assurances of success were necessarily the best (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money. I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the stricture is all removed, and my general health is better than it has been for years. In conclusion I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address, and call and see me, (I keep store in this city.)—My experience may save you many dollars. I would also add that in the early stage of my disease, I used a large amount of the preparations advertised as an infallible cure for Gonorhoea, Gleet, etc., but never derived any benefit from them. I am, Doctor, very truly yours, L—— H——

SEMINAL WEAKNESS.—A sworn to certificate of a most remarkable cure of Spermatorrhoea—A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhoea," or Seminal weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience in that year, however, I had Seminal weakness to a fearful extent, which was soon followed by the most alarming symptoms, as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind too, was afflicted to such an extent as to seriously impair my memory my ideas were confused and spirits depressed, I was averse to society, had evil forboding and self-distrust and was entirely unfit for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars but in no instance obtained more than temporary relief, I had about concluded there was no relief for me in this world, but reading Dr. Doherty's advertisement I thought I should call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty, at his office in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th day of December last I placed myself under his care; in one week, I found myself very much improved, and now, after five weeks treatment, I feel myself thoroughly cured of all my troubles, and in the enjoyment of the best of health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself

TO FEMALES.—When a female is in trouble or afflicted with disease, as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, she should go or write at once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about her troubles and disease. The Doctor is effecting more cures than any other Physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful suffering and premature death. All married ladies whose delicate health or other circumstances prevent an increase in their families, should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

TO CORRESPONDENTS.—Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty on their respective cases, and who think proper to submit a written statement of such in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred. Dr. Doherty takes this opportunity of observing that all letters are only opened and replied to by himself, and the latter as promptly as possible. If the case be fully and candidly described, personal communication will be unnecessary, as instructions for diet, regimen, and the general treatment of the cases itself, (including the remedies) will be forwarded without delay, and in such a manner as to convey no idea of the purport of the letter or parcel so transmitted. Consultation—by letter or otherwise—Free. Permanent cure guaranteed or no pay. Address,

Opinions of the Press.

DR. DOHERTY is a skillful Physician and honorable gentleman; any statement he makes to his patients he is sure to fulfil. That fact is one great cause of his eminent success in his profession. It is fortunate that among the many advertising physicians there is one who can be depended on.—[Review.

DR. DOHERTY ranks as one of our most distinguished Physicians, and also one of the most successful, which is now the criterion by which the medical practitioner is judged.—[Echo.

DR. DOHERTY enjoys a more extensive practice than any practitioner in this State.—[Express.

DR. W. K. DOHERTY.—Persons going to San Francisco in search of medical aid, should by all means call on the above person at his Institute.—He is a gentleman of rare scholastic and scientific attainments, and is well worthy the extensive patronage he receives from all parts of the State.—[National. v5 no23-1y.

MEDICAL INSTITUTE!!

ESTABLISHED BY

DR. J. C. YOUNG, IN 1850.

536 Washington Street,

Below Montgomery,

SAN FRANCISCO.

Consultation by letter or Otherwise, Free.

It would be equally useless and unnecessary to enumerate here the Diseases cured at the Institute. All classes of Complaints are treated; but I consider it my duty to mention those of a special nature, as upon such the unfeeling and irresponsible quack dwells, with phrases well calculated to deceive those ignorant of the emptiness of his profession.

First among the special complaints is

SEMINAL WEAKNESS.

I am aware that by dwelling upon so uninviting a subject as the decay of manly vigor through the loss of the vital principle of life, the ignorant may asperse my motive; but the desire to point out to those who suffer languish and decay, the true cause of their affliction, is too great an incentive to be forced into abeyance. How extended the terrible disease of Seminal Weakness is, no one but the practical specialist who devotes his time to its treatment can tell, but its presence can be detected by the most inexperienced by noting the following symptoms: Weakness of the back and limbs; languishing feelings, loss of muscular power; nervousness; irritability; cold feet and hands, accompanied by hot head; symptoms of consumption; short breath flushings of the face; aversion to society; confusion of the mind; loss of memory; nightly emissions; colorless, slight discharges upon the least excitement; trembling; palpitation of the heart; irregular appetite; variable temper, etc.

YOUNG MAN if you experience any of the various symptoms enumerated above, pause to consider. The present is the golden moment in which you may secure health and happiness. You may feel strong now, but if you have ever practiced the vice of self-abuse even in the slighest degree, you have the seeds of the weakness in your system, and their undermining influence will, sooner or later, dash the fair edifice of your strength to the ground, leaving you a helpless, abject being. It is not a disease that declares itself at once. Therein lies its great danger; for while the patient is being treated for some supposed affection of the Heart, Lungs, Brain, or Digestive Functions, he sinks into a general debility that soon adds him to the list of the victims of the terrible disorder, Seminal Weakness.

See in the bent form and languishing steps, the poor victim of the fascinating vice! Mark the course of the destructive complaint in the hollow cheek and dull eye!

Drowsiness is one of the premonitory symptoms. At first it is easily shaken off, but it grows eventually into a great disinclination to pursue his regular business. The mind becomes apprehensive, and restless nights succeed days of depression.

It is the nature of the complaint to assume sudden changes that leave the poor victim but little hope of recovery. In a single instant it may wither your fond hopes and blast your honest aspiration.

Marriage is sought by a natural impulse as a hope of relief. This is an error of the first magnitude, for the system unprepared for the exigencies of the occasion, suddenly fails, and he finds himself in a deplorable condition, from which there is but the slightest hopes of recovery. Or if the marriage should result in offspring, they are puny, distorted, decrepit and degenerate.

AN UNSOLICITED

TESTIMONIAL OF CURE.

Let all who are afflicted with Seminal Weakness read the sworn-to-Certificate, first published without the Doctor's knowledge. A remarkable case.

[Revenue stamp.] This is to certify that I was afflicted with Seminal Weakness to a degree that brought on severe fits. The trouble commenced about three years ago, when I first learned that the practice of self-abuse was ruining me. I first had nervous trembling of the limbs, pains in my back, and trouble in my mind, a confusion and loss of memory, and other debilitating symptoms of seminal weakness. I gradually grew worse and worse until finally the Fits came on. At first I only had a momentary loss of mind a disiness. This grew worse, until in a short time, I would remain in a confused state—for some after I had them in my sleep I was satisfied that I must be cured, or I would perish miserably in one of the attacks that now became as frequent as twice or three times a day, seesing me without warning and prostrating me to the earth, where I would remain for an hour insensible. I lost all recollections of persons and things. I could remember nothing for two minutes, but my great sufferings. I swallowed box after box of *patent remedies*. Nothing did me good. In despair of ever being well I prayed for death. But I was not to die, for help was at hand. My friends visited the *Dr. J. C. Young Institute*, and I was placed under the care of Dr. Benj. F. Josselyn. I very soon experienced a change. I grew better and better. I could go to work. My mind became clear. The Fits grew lighter. I was soon perfectly free from them, and now for over two months. I have not experienced them at all. All the symptoms of seminal weakness are gone, and I feel as well as I ever did. It is to DR. BENJ. F. JOSSELYN, that, under God, I owe my life; and from the gratitude I owe him, I give this, *my testimony* of his skill and success. If this should induce any one unfortunately afflicted with Seminal Weakness to submit their case to him, I shall feel that I have in part at least, paid the great debt I owe. BENJAMIN BROWN. [Seal.]

IMPORTANT TO PERSONS

afflicted with Venereal: There are no maladies worse than those arising from the contamination of venereal poison. None are more terrible in their effects, or more disastrous in their results. After upwards of twenty years' practice in diseases of a private nature—fifteen of which have been in this city—I unhesitatingly declare that *Mercury* will not cure *Venereal, but dries it on the surface, to allow it to poison the blood*, to re-appear in hideous marks upon the body, and in the throat, mouth and nose: Those who have had any form of Venereal, and were treated with Mercury were not cured, but they still have the festering virus lingering in the system and feeding upon the delicate tissues to be communicated to the wife or transmitted to the children. As terrible as it is in the person who contracts it, it becomes of still greater importance when transmitted to innocent offspring, whose sore heads, cankered mouths, diseased limbs, running eyes and blotched skin are the constant reproaches to the sins of the parent. Be warned in time and secure health by applying at the Dr. J. C. Young Institute.

The Doctor effects a cure in recent cases in a few days, and finds no difficulty in curing those of long duration, without submitting the patient to such treatment as will draw upon him the slightest suspicion, or oblige him to neglect his business, whether in-doors or without. The diet need not be changed. Cure always guarantied or no pay required.

Only purely vegetable remedies used.

IMPORTANT TO FEMALES.

When a female is in trouble or afflicted with disease, and requires medical or surgical assistance, the inquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society Will recomend him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and by calling the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore, families can rely upon him as upon a father. All in affliction can find in him one who can feel and sympathise with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed—consultation by letter, or otherwise free. See address below.

The celebrated female remedies compounded from the private prescription of Dr. YOUNG, have now obtained a most extensive popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimony of efficacy declare them to be pre eminently superior in their action.

No lady should be without these renovating agents.

None genuine unless prepared at this office.

Sent by mail or express to any part of the State. The Great Female Medicine! PREVENTIVE POWDERS for married ladies. New, safe and infallible, lasting from four to six months. Price $10. To Corespondents:

Persons in the Interior are often deterred from consulting the Doctor because they cannot spare the time or incur the expense of a visit to the city. To such he would say, that a plain statement of the symptoms and information bearing upon the complaint will enable him to prescribe for them so that they can be cured at home. None need have any false delicacy about writing, no matter what the nature of their complaint, as the communication will be seen only by the Doctor, and will be treated with the utmost confidence, and either be returned or destroyed. ☞ Consultation free!—Address thus—

FLORENCE

Sewing Machines.

THE BEST IN THE WORLD!!

Highest Premium, Fair American Institute.

Highest Premium, State Fair of California, 1866.

It makes four different stitches, the *lock*, *knot*, *double lock*, and *double knot*, on one and the same machine. Each stitch being alike on both sides of the fabric.

Every Machine has the *reversible feed motion*, which enables the operator, by simply turning a thumb-screw, to have the work run either to the right or left, to stay any part of the seam, or fasten the ends of seams without turning the fabric.

Changing the length of stitch, and from one kind of stitch to another, can readily be done while the Machine is in motion.

The needle is easily adjusted.

Its motions are all *positive*; there are no springs to get out of order, and its simplicity enables the most inexperienced to operate it.

It does not require fine thread on the under than on the upper side, and will sew across the heaviest seams, or from one to more thicknesses of cloth, without change of needle, tension, or breaking thread.

The only machine having a self-adjusting shuttle tension—the amount of tension always being in exact proportion to the size of the bobbin.

The hemmer is easily adjusted, and will turn any width of hem desired.

It is almost *noiseless*, and can be used where quiet is necessary.

No other Machine will do so great a range of work as the Florence.

FRENCH MEDICAL OFFICE.

Dr. Julien Perrault, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the Baptiste Society of San Francisco.

Dr. Perrault has pleasure to inform patients and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery or Sacramento streets.

Dr. Perrault's studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact, that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients laboring under this complaint, will complain of one or more of the following symptoms; Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual faculties are weakened, Loss of Memory ensues, Ideas are clouded, and there is a disinclination to attend to business or even to reading writing, or the society of friends, etc. The patient will complain of Dizziness, Vertigo, and that Sight and Hearing are weakened, and sleep disturbed by dreams, melancholy, sighing, palpitation, faintings, coughs and slow fever, while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face, and achings in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. Perrault, either in person or by letter, as he will guarantee a cure of Seminal Emmissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage, Gonorrhoea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and mercurial taints entirely removed from the system.

Dr. Perrault's diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best refferences given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor and that advertised physician, till worn out and discouraged, to call upon us.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for Dr. Biot's Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars those Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. Perrault, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 973, P. O. San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc. etc.

PIANO FORTES.

Our Last new addition to our different styles, is attracting the admiration of both critics and populace. We mention specially some of the claims of this new Piano. Believing the exterior should be as beautiful to the eye as melody is to the ear, we have paid great attention to getting them up in a style that is conceded by all who have seen them to be the handsomest Piano Forte made. They are an entirely new style, with four full round corners, heavily carved legs and lyre, base richly moulded, and contains our latest improved scale and action. The tone is melodious, and its adaptability to passages of every shade of expression, from the softest murmers, the Crescendo, and the F F, gives the performer every advantage of the *Concert Grand*.
